6. The offices of the health depts. stand on a different footing from those of the medical depts whom we can spare without much detriment to the Army work. The health-offices require a lot of training and it is very difficult to replace the trained men of Services, on account of lack of trained officers. It is therefore very possible so far to give leave on at least one health office. Moreover on account of the military camps and the epidemic diseases, keeping with it, can be said that they are doing work connected with war efforts. Hence it is not possible to spare these officers in the interest of the depts.

OFFICE OF
THE DIRECTOR OF PUBLIC HEALTH
IN MYSORE
BANGALORE

Date . May 25, 1943.

To

The Secretary to Government,
Law Department, Bangalore.

6816

Sir,

I have the honour to forward herewith an application received from Dr.S.Seshagiri Rao, Superintendent, Bureau of Epidemiology addressed to the Secretary to Government, Law Department through this office.

I may mention in this connection that Dr.A.S.Venkatachalam who was previously the Superintendent, Bureau of Malariology applied for a Commission when, he was intimated that for want of suitable officers in the Department his services could not be spared as per letter No. G.5276 dated 25.11.1941 of the Secretary to Government, Law Department. In connection with this present application also I may mention that the number of trained officers in the Department are so few that if officers are spared the Departmental work will greatly suffer. In addition, Dr.E.Anantha Rao also has intimated his intention to apply. As matters are the Department has only three officers with a service of about 10 to 13 years, fairly well trained. The epidemic situation in the State is bad at present. Cholera started in the beginning of 1942 has been continuing and has not shown signs of decrease. Small-pox has become worse and plague season will start soon after June.

Under the circumstances, it is not desirable and possible to spare the services of Dr.S.Seshagiri Rao to apply for a Commission.

I have the honour to be,
Sir,
Your most obedient servant,
S. Ramaswamy
Director of P ublic Health.

No. B.E 5639/42-43. Office of the Superintendent
Encl 15. Bureau of Epidemiology,
Bangalore, Dated 7th April '43.

To

The Secretary to Government,
Law Department, Bangalore.

Through

The Director of Public Health in Mysore,
Bangalore.

Sir,

In submitting herewith my application for the Emergency Commission of the Indian Medical Service with all the necessary documents, I have the honour to request you kindly to forward it to the Civil Administrative Medical Officer.

I have the honour to be,
Sir,
Your most obedient servant,

S. Seshagiriah
Superintendent, 7/4/43
Bureau of Epidemiology.

List of Enclosures.

1. Superintendent's letter No.B.E. 5639/42-43 dated 7.4.43 addressed to the Secretary, Law Department, through the Director of Public Health

97/26.7.43

Sir,

I have the honour to forward herewith the application received from Dr. E.Anantha Rao, District Health Officer, Mysore. I may mention in this connection that I forwarded with my letter No. . 33-2 dated 25th May 1943, the application of Dr. S.Seshagiri Rao intimating at the same time that Dr. A.S.Venkatachalam who had also applied for a Commission was refused permission as per letter No. G. 5276 dated 25th November 1943 of the Secretary to Government, Law Department.

I may mention that there are only three trained officers at present in the Department who could be used either for epidemics or District charge and they are Dr. SSeshagiri Rao Dr. A.S.Venkatachalam and Dr. E.Anantna Rao. The other senior officers are in charge of eitner Public Health Institute or in charge of the municipalities. The only other officer available is Dr. B.Ananthaswamy Rao wno is the Superintendent of the Bureau of Malariology. As epidemics are continuing and as there is no likelihood of the epidemics being controlled fully and as the other officers of the Department recently taken as Probationers are juniors and do not know the work yet except as inoculating officers, I am of opinion that Dr. E.Anantna Rao, cannot be spared.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Public Health.
